## Digital Literacy Training at Sarothak Educational Trust

We celebrate the networked world in myriad ways as it enriches our prospects but we often forget that it has also birthed a whole new territory of insecurities for the people who don't have access to this 'networked world'. Sarothak Educational Trust aims to bridge this gap and map things for the persons with disability. The digital Literacy program at Sarothak gives 15-day intensive training to people with disability because Sarothak truly believes that literacy goes beyond the ability of reading and writing; it is a social practice that enables people to learn and interact with the world.

### The Digital Literacy Program Covers:

How to start small business, Online payment method, Overcoming Disabilities Stories of Successful alumnus for inspiration, Soft Skills, Time Management, Communication Styles etc and Govt. Schemes, Loan Opportunities available for PwDs by Government.

**Sarothak has successfully enrolled 334 candidates across the 22 centers in the month of March.**

### Trainee experiences on Sarothak Digital Literacy Training

#### Shabeena - Sarothak Ghaziabad Center

*"Hello! I am Shabeena from Ghaziabad center. I am an ongoing OH Trainee at Sarothak Digital Literacy program. I am thankful to be a part of the digital literacy program as it has taught me about various government schemes for the disabled, digital marketing and how to pay bills digitally. It has given me a new lens altogether where I can envision myself at a good position in the professional space. Its learning has made me feel powerful and has heightened my Sense of self awareness. I wish to grow in a similar environment of liberty that fosters new ideas. I highly recommend Sarothak's Digital Literacy program."*

### CALL FOR ACTION

At Sarthak, we aim to bring about a revolution in terms of how the world looks at the concept of equality and inclusivity. We aim to aid those that have been deprived due to one or other disabilities and help them live a life of dignity and grace. To fulfill this aim, we need to meet special needs and requirements of people with special abilities. We need to design and work out special programs for like skill development and future employment of those who need it.
