"Your present circumstances don't determine where you can go; they merely determine where you start."

Amrinder has been using CapSarathi, an app developed exclusively for the people with disabilities by Sarthak & Capgemini. Thanks to this app, he gets a government pension now, as well as a job in a care centre. But the situation was different when he came to the Sarthak centre.

Being only an 8th pass he had been struggling to find employment. In search of his livelihood, he became a part of Sarthak Training program- Digital Literacy and also came to know about CapSarathi Mobile Application. Earlier unaware of Disability Pension, he now takes advantage of this state scheme pension every month. With CapSarathi's info portal and the help of his trainer, he applied for the Disability Pension. Now he loves the extra money every month and is grateful that someone took the time to help him learn about government benefits.
